ExpressSSK is a TrueType ripoff of Berthold's Akzidenz Grotesk. This ripoff was made by Paul King, who ran the SSI ripoff outfit and was sued by Adobe Incorporated for copyright infringement. For details see the file <http://www.sanskritweb.net/forgers/ssi.pdf>

However, if you look at the PS dump of this PDF file SSI2.PDF, which was typeset using the ExpressSSK TrueType ripoff font, you will be surprised to learn that the Adobe outfit by means of Acrobat converted this ripoff TrueType font to a ripoff PostScript font and that the Adobe ripoff outfit claims to be the copyright owner of this ExpressSSK PostScript ripoff font by declaring: Copyright 2009 Adobe System Incorporated. All rights reserved.
